Online Training Course on Online Facilitation Techniques

7th of July, from 11:00 to 13:00 and from 14:00 to 16:00 CEST

In the frame of its Capacity Building Programme for Member Organisations, The Lifelong Learning Platform is happy to present the online training course on “Online Facilitation Techniques”, organised together with Visuality.

COVID 19 has forced us collectively to work more digitally. This new reality has opened a lot of new possibilities but brought as well a number of challenges for participants and facilitators. The old recipes we used in face-to-face meetings are not always applicable online. For the new challenges, we don't yet have all the answers. This training course will create a space to learn how to create quality facilitation in an online environment.

When: The training is scheduled on the **7th of July 2020**, from 11:00 to 13:00 and from 14:00 to 16:00 CEST. The training will take place online, so we suggest you to have a stable internet connection.

Aims & Objectives:

- Learn how to create an interactive online environment;
- Learn how to apply quality online facilitation;
- Identify the right tools for different needs;
- Answer burning questions.

Working methods: We will use different tools focussed on presenting, interacting, discussing and deciding during remote facilitation

Participants' profile: Representatives of governance bodies, managers, officers, interns, trainees and volunteers from Civil Society Organisations interested in the main topic of the activity; with at least some experience in facilitating face-to-face meetings; a bit familiar with non-formal learning methods.

How to register: If you are interested in participating, please fill the **online registration form**; here you will find also some questions that will help the trainers to shape the activities according to your needs. Due to the limited number of spots for participants, we can accept just one representative for each LLLP Member Organisation. If eventually some free spots will be still available after the deadline, we will open again the registrations.

Training provider: <https://visuality.eu/>

Deadline for registration: **22nd of June 2020**

For any further question/doubt, please contact LLLP at projects@lllpplatform.eu
